Barcelona Physical Therapy School (BSPTS)

**Take Note**

- Cindy Marti was named to the SOSORT Board of Directors, at the 2014 international SOSORT conference
- Spinal Dynamics hosted a two day continuing education opportunity for Physical Therapist on the "Graston Technique". Please contact our office for information on how this technique may be beneficial to you.
- Spinal Dynamics is offering Schroth certification for PTs through Barcelona Scoliosis Physical Therapy School (BSPTS). **C1 classes** scheduled for 2014 will be February 17-25 and September 8-16; 2015 dates will be February 9-17 and August 10-18. **C2 classes** are scheduled for 2014 will be March 31 - April 5 and June 16-21; 2015 dates will be June 15-20 and July 13-18. [More](#)
- May 2013: Cindy Marti PT, and Peter Arndt DPT attended the ISICO (Italian Scientific Spine Institute) third International Course on SEAS (Scientific Exercise Approach to Scoliosis). The class was hosted by Spinal Dynamics of Wisconsin. This was the first time the SEAS certification course was offered in the United States.
- Get ready for golf - Meg Gogin MPT and Bob Becker, PTA offer rehab for golfers

Spinal Dynamics is the Milwaukee area's only independent spine-dedicated physical therapy practice. Our experienced team stands ready to serve as a leading resource for your back care needs. Together with our extremity division - Body Dynamics - we have earned the respect of hundreds of referring physicians. We are passionate and driven — and we continually evolve our techniques to bring you the *very best*.
